

March

Lucky Seventeen

Dark Green

Six $2 \frac{7}{8}$ inch squares cut once diagonally to make 12 half square triangles

One $2 \frac{1}{2}$ inch strip at least 15 inches long

Light Green

Two $4 \frac{7}{8}$ inch squares cut in half once diagonally to make 4 half square triangles

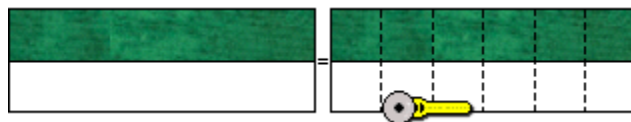

Cream/Off White

Eight $2 \frac{1}{2}$ inch squares

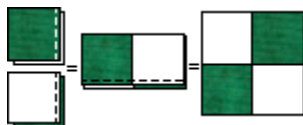

One $2 \frac{1}{2}$ inch strip at least 15 inches long

Two $2 \frac{7}{8}$ inch squares cut in half once diagonally to make 4 half square triangles

- 1) Sew the dark green and cream $2\text{-}1/2'' \times 15''$ strips right sides together along one long edge, in a $1/4''$ seam. Press seam to the darker side. Mark and cut this unit into $2\text{-}1/2''$ units.

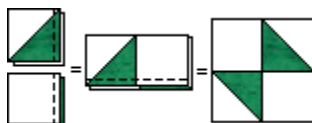

- 2) Sew these strip sets we just made into four patches as shown. Make three units like this.

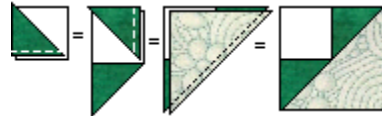

- 3) Stack the dark green and cream $2\text{-}7/8''$ half square triangles, right sides together and all edges aligned and sew together with a scant $1/4$ inch seam. Press to the dark side. Make 4

- 4) Now make two units as shown here for the block's upper left and lower right corners.

5) Sew four units as shown for the block's sides.

6) Lay out all the units we've made, and sew them together into three vertical rows, pressing seams in alternating directions by row. Join the rows, and it's done!
