

October 2016

Blue Bayou

Color 1 - Cobalt Blue

Four 2-1/2" squares

Twelve 2-7/8" squares

Color 2 - Yellow

Eight 2-1/2" squares

Two 2-7/8" squares

Color 3 - White

Ten 2-7/8" squares

1. Pair each of the Color 3 2-7/8" squares with a Color 1 2-7/8" square, right sides together and all edges aligned. On the back of the top square lightly mark the diagonal, then sew a scant 1/4" away from each side of the drawn line. Cut this apart ON the drawn line to get two Half Square units. Trim to measure 2-1/2" if needed. Make a total of twenty Half Squares in this color combination.
2. Use the two remaining Color 1 2-7/8" squares and the two Color 2 2-7/8" squares to make four more Half Square units in that color combo.
3. Lay out all units as shown. Using a scant 1/4" seam allowance, sew six horizontal rows, pressing seam allowances in alternating directions by row. Join the rows to complete the block!
